

Limited Warranty

Vehicle Wraps & Graphics

Market Your Car uses 3M's recommended vinyl for vehicle application.

It is important to note that the warranted period is different than the expected life of the film. The expected life of film can be as long as 10 – 20 years. Over extended periods such as 10 – 20 years you can expect to see some fading or UV damage to the surface of the film. This type of damage varies based on the geographic location and weather conditions where the graphics are located. For more information on 3M vinyl please visit www.3mgraphics.com and search for IJ180CV3-10 which is the film we use for vehicle graphics.

It is also important to note that every vehicle has different contours and most recently vehicle manufacturers are using a multitude of materials in the manufacturing of vehicles. The application of graphics to some of these materials is not warranted. In many situations it is required for us to cover materials which are not warranted in order to preserve the look of the graphics. An example of such materials is plastic and rubber mouldings on vehicles. These types of materials are not warranted as the vinyl adhesive does not stick well to them. In many cases a primer can be applied to these areas to promote adhesion and prolong the life of the graphics. These are standard practices in the industry and may or may not be discussed.

Warranty Summary

In general our warranty will cover most vehicles and most materials which the graphics are applied to: however each case will be treated separately as virtually each installation is different. Our warranty covers the same aspects as the 3M Performance Guarantee which can be found on the 3M website. Market Your Car Inc. offers its own warranty which is outline below and it is not an extension of 3M's warranty.

Warranty coverage for graphics applied to flat, vertical, or vehicle surfaces extends 3 years from the date of installation. This covers the body of the vehicle and assumes the vehicle has a OEM or good quality paint job with no rush or damage issues visible or not visible during inspection. Perforated window graphics receive a 1 year warranty. Our warranty is void if our vehicle maintenance guidelines are not followed.

Market Your Car Inc. will always strive to ensure our customers are satisfied with our product and many times we go above and beyond our warranty. Each case is different and will be looked at on a case by case basis.
